This report covers the period from
1 January to 31 December 2023

Following the guidelines of the Global Reporting Initiative (GRI) Standards and using the new Universal Standards 2021, as well as the criteria established by the Sustainability Accounting Standards Board (SASB) for Chemicals, Meat, Poultry and Dairy, and Automotive Parts. Additionally, actions aligned with the Sustainable Development Goals (SDGs) are described.

This report includes information on the Pork Meat Business, Synthetic Rubber, Polymers, Transmissions and Aftermarket. Additionally, the financial information considers the Herdez del Fuerte and Megamex businesses.

The previous edition of this report corresponds to the year 2022 and was published in 2023. This document is issued on an annual basis. It was prepared by an external consultant in collaboration with KUO's sustainability department and approved by senior management but has not been externally verified by an independent third party. During the period covered in this report, we made minimal restatements as we improved our calculation methods for environmental and worker content. For further details, please refer to the respective chapters.
